

## TOTAL LOSSES OF CENTRAL POWERS NOW AGGREGATE FIVE MILLION MEN

## GERMANY TO PRESENT PLANS FOR MAKING PEACE

Allies are Said to be Preparing  
to Make an Offensive  
Move on the West

(By Associated Press.)

LONDON, Oct. 26.—It is understood that Von Beulow, ex-chancellor of Germany, will soon submit to King Alfonso of Spain and to President Wilson an outline of conditions under which Germany might discuss peace. The rumor is unconfirmed.

The Nieuwe Rotterdamse Courant, a newspaper, said that Germany lost on October 11 to 26, 57,424 in dead, wounded and missing, and that the total losses of the central powers aggregate 5,000,000. Russia is stubbornly defending Riga and Dvinsk. There is evidence that the allies are preparing for an offensive movement in the west, intended to prevent Germany from diverting her forces. The race to Constantinople is exciting. The Bulgarians lack but a few miles of joining the Teutons. The French have reinforced the Serbians. Italy is hammering at the Austrian front, which remains unbroken. The Serbians are slackening the Bulgarian advance. Russia is now ready to reinforce Serbia, while the Turks are concentrating to oppose the landing of Russian reinforcements by way of the Black sea.

"ISLE OF LOVE" A  
SPLENDID ATTRACTIONPLAY WILL SHORTLY BE PRO-  
DUCED AT AIRDOME IN  
TONOPAH

(Special to The Bonanza.)

GOLDFIELD, Oct. 26.—Three hundred people were turned away from the Lyric theater last night at the opening performance here of Jack Curry's twentieth century girls' production of "The Isle of Love."

Never before in the theatrical history of Goldfield, even in the palmiest days of the big boom, has such a demonstrative reception been accorded a comedy or dramatic conception. Great as was the enthusiasm displayed before the fall of the curtain, the finish of the first act developed a volume of cyclonic approbation that literally shook the auditorium from footlights to gallery. It is a wonderful show.

Candidly the writer went to review and to revile, believing that another honk-tonk, slap-stick gold brick was being handed to us—went to laugh in scorn and remained to laugh with merit.

George Bird, who, the flies of the dramatic reviews show us is really a celebrated comedian of the big time, has, by some strange fate or fate, wandered away from Broadway with a show that really brought cheer back here to us in the hills. Even the jump from the lowlands into this altitude did not seem to have a deteriorating effect upon either principals or minors' voices, and the seventeen musical, dancing and singing numbers in "The Isle of Love" went over beautifully.

As for girls, there are hosts of them in "The Isle of Love" and Director Bird, who produced the airy little comedy, lost no opportunity to present them at their artistic best. There are shapely and winning musical maidens enough and of sufficient variety to "put any show over."

The company will soon be in Tonopah.

## DETAILS ARE LACKING

(By Associated Press.)

WASHINGTON, Oct. 26.—The department of justice officials doubt the ability of the government to make out a case against Fay and associates for experimenting with explosives to be attached to ship propellers bearing munitions of war from the United States. Details are lacking.

Chief Flinn said that Fay told a man named Vieg that the blowing up of the chemical works was the only way to stop the shipment of munitions, and that it was useless to attempt to disable powder and shell works, as the plants could easily and quickly be repaired. He said that Fay, on leaving Holland, carried a letter for a high official, but destroyed it for fear of being searched.

## WILSON TO BE PATRON

(By Associated Press.)

WASHINGTON, Oct. 26.—President Wilson last evening consented to become a patron of the movement to purchase the birthplace of the poet, Henry W. Longfellow, at Portland, Me. He already is honorary president of the International Longfellow association.

## CHARLTON SENTENCED

(By Associated Press.)

COMO, Italy, Oct. 26.—Porter Charlton, the American who has been on trial here charged with murdering his wife in 1910, was last evening condemned to six years and eight months' imprisonment.

## DRILLING IN UMATILLA

The drillhole in the Umatilla is now down 510 feet and is in a close formation in which better progress is made. There is nothing to report in the way of mineralization.

SUSPECTS DISCHARGED  
THEN REARRESTEDALLEGED THAT TRIO ENGAGED  
IN CONSPIRACY AGAINST  
THE UNITED STATES

(By Associated Press.)

NEW YORK, Oct. 26.—Fay, Scholz and Paul Daeche were this morning arraigned in the Weehawken police court, charged with a plot to explode munition ships. They were dismissed, but immediately rearrested. Fay and Scholz were brought here and will be arraigned later. Daeche claimed that he had nothing in common with the others, and is awaiting arraignment. Secret Service Chief Flynn signed a complaint charging the trio and Max Belmont (at large) and Dr. Herbert Kiemle, who was released on bail, with conspiring against the United States.

BAKERY FIRE IN  
THE EARLY MORNSMALL DAMAGE DONE TO ESTAB-  
LISHMENT THROUGH OVER-  
HEATING OF CHIMNEY

An alarm of fire was turned in this morning a few minutes after 6 o'clock for a fire at the Progress bakery on Water street. There was a quick response to the alarm and two lines of hose were put on. The fire was out in fifteen minutes with a loss to the building of about \$50. Peter Fabia is the proprietor. He says that he had no insurance, and that he will be able to have the establishment in full swing again tomorrow. An overheated chimney caused the blaze.

## EVIDENCE SHOWS GRAFT

(By Associated Press.)

WASHINGTON, Oct. 26.—Evidence in the court martial of Colonel E. E. Goodier was introduced to show that Captain Cowan, commandant of the aviation school at San Diego, drew aviator's pay, although not flying. He also recommended giving Lieut. W. L. Patterson aviator's pay, although he was unable to fly.

## ARBITRATION PLANNED

(By Associated Press.)

CLIFTON, ARIZ., Oct. 26.—The strikers and citizens are voting today on the proposed arbitration of wage scale differences. There are few negative votes being cast.

## OFFICERS ARRESTED

(By Associated Press.)

PITTSBURG, Oct. 26.—The officers of the burned box factory and the manager of the estate owning the property have been arrested, charged with criminal negligence. The coroner both signed and served the warrants.

## A QUIET ELECTION

(By Associated Press.)

SAN FRANCISCO, Oct. 26.—About 40 per cent of those registered is the estimate for today's voting. It is a quiet election.

## PROTECTION REQUESTED

(By Associated Press.)

WASHINGTON, Oct. 26.—Senator Ashurst has asked the state and war departments for the protection of Douglas, Ariz., in the event of a Villa-Carranza engagement across the border from that city.

## REINFORCEMENTS LEAVE

(By Associated Press.)

PHOENIX, ARIZ., Oct. 26.—A hundred militiamen will leave Mesa and Tempe tonight to go to Clifton to reinforce the troops there. Adjutant General Harris is en route to Clifton.

## FIRST SHIPMENT MADE FROM THE NEW FIND

The Halifax-Tonopah Mining company made the first shipment today from the new strike in the property. It will run in the neighborhood of 50 tons. Mr. Sherwin, who is in charge of the work in Mr. Chandler's absence, would not make public the approximate value of the ore, but all who have seen it declare it closely resembles the Belmont high grade.

There is now a showing of between eight and nine feet of ore. The first wall encountered is very well defined, but the other, the hanging, has not yet been reached, although it is prob-

## TODAY AND A YEAR AGO

Official readings of the thermometer by the United States observer at Tonopah:

	1915	1914
5 a. m.	51	51
9 a. m.	59	55
12 noon	66	63
2 p. m.	69	66
Relative humidity at 2 p. m.	19 per cent.	

LAND RUSH IS ABOUT  
TO BE INAUGURATEDTROUBLE EXPECTED WHEN SIG-  
NAL COMES TO SALLY FORTH  
TO MAKE LOCATIONS

(By Associated Press.)

LOS ANGELES, Oct. 26.—Many claimants are encamped on the 7800 acres in the Imperial valley, which is to be restored to entry Monday. The many rival claimants may lead to trouble. The tract is near Brawley, Niland and Holtville and some of the land is worth \$100 an acre.

WAR ADHERENTS IN  
BUCHAREST CONFERENCERESOLUTION DEMANDS THAT  
COUNTRY JOIN THE ALLIES  
AGAINST TEUTONS

AMSTERDAM, Oct. 26.—Rumanian war adherents met at Bucharest, two former ministers presiding. Resolutions were adopted demanding that Rumania join the allies and prevent the Teutons, Hungarians and Bulgarians from uniting, and that the country should "overthrow Premier Bratiano."

VILLA GOVERNMENT  
CONFISCATES PLANT

(By Associated Press.)

EL PASO, Oct. 26.—The Villa government of Chihuahua has confiscated the American Smelting and Refining company's plant. It is thought that the government intends to reduce its own ores.

KILLS MAD COYOTE  
IN TOWN LIMITS

A rabid coyote got into the Kelsey brothers' corral in the Haviland & Hoskins addition early last evening and created quite a commotion before it was dispatched. The coyote started after a horse, but Frank Kelsey managed to knock the mad animal down with a rock. Three dogs then tackled the coyote and all were bitten in the fight that ensued. The coyote made its escape from the dogs and ran from the corral, pursued by men with guns. Several shots were fired before the mad animal received its death wound. All the dogs were afterward killed.—Winnemucca Star.

BRITISH POSTAL CLERKS  
GET LEAVE TO ENLIST

(By Associated Press.)

LONDON, Oct. 26.—The postoffice has taken the lead among departments of the government in releasing men for the army. At a specially convened meeting of postal employees yesterday, Herbert Samuel, the postmaster general, announced he had decided that every eligible man should be free to enlist, and that their places would be kept open for them.

## NOTARY PUBLIC APPOINTED

S. R. Warren of Elko has been appointed a notary public by Governor Boyle for Elko county.

## GERMAN DIPLOMAT DEAD

(By Associated Press.)

CONSTANTINOPLE, Oct. 26.—The Baron von Wangelheim, German ambassador to Turkey, died today.

ably not far ahead of the machines.

A winze has been started near the hanging wall and is now down about 15 feet. The ore is about the same as it is in the crosscut. Not a pound of waste has come out since the strike was made. The Salt Lake and Oakland holders in the company who visited the property today speak enthusiastically of its outlook, but none of the local officers will give out any expression of opinion, merely setting forth the bare facts in conservative manner. In a short time a drift will be run on the ledge, probably in a westerly direction.

BANDITS ATTACK A  
PRESIDENT OF RAILWAY

(By Associated Press.)

BROWNSVILLE, Texas, Oct. 26.—Bandits twice attacked Sam Robertson, president of the San Benito &amp; Rio Grande railroad, 18 miles east of San Benito Monday. He was driving an auto truck and repulsed the bandits alone once, and the second time with the aid of a boy. He was later wounded in the shoulder, and the heel was shot from one of his shoes. Soldiers are pursuing the bandits.

SHELL STRIKES NEAR  
A REPAIR VESSEL

(By Associated Press.)

NEW YORK, Oct. 26.—A 14-inch shell, fired during practice at the Sandy Hook proving grounds, flew above the repair ship Panther, which was engaged in maneuvers, narrowly missing the ship and striking in the water a mile beyond.

BOMB EXPLODES NEAR  
A LONDON THEATER

(By Associated Press.)

NEW YORK, Oct. 26.—It is reported that a Zeppelin bomb exploded near a crowded London theater recently. The audience, thinking the noise was caused by backfiring of an automobile used in the play, laughed.

MACHINE DRILLS FOR  
MIDWAY LEASERSCOMPRESSOR ARRIVES AND WILL  
AT ONCE BE PUT IN PLACE  
FOR WORK

A five drill air compressor arrived today and will be installed at the old shaft of the Midway Consolidated Mining company. It will be placed on the foundation used by the company when it was operating that portion of the property on its own account. The compressor is an oil burner and will supply power for drills to be used by the leasers in rotation.

The tributors are doing very well. Considerable ore is being hoisted. During the past week two very nice cleanups were made by Laws brothers and by Foster and Clary brothers.

SAN FRANCISCO WINS  
COAST LEAGUE PENNANT

(By Associated Press.)

SAN FRANCISCO, Oct. 26.—The 1915 race of the Pacific Coast baseball league has come to a close. San Francisco, under the management of Harry Waverton, gained the championship with a comfortable margin. Salt Lake finished in second place, with Los Angeles third. Vernon, Oakland and Portland concluded the season's schedule in the order named.

COMPROMISE MAY  
BE ARRANGED FOR

At a meeting held in Reno yesterday between Governor Boyle and other members of the tax commission with the representatives of the Truckee River General Electric company, regarding the suit that was instituted against the commission for a reduction of the company's assessment, there was talk of a compromise and it is likely that it will be effected.

The big power company was assessed on a valuation basis of something over \$1,250,000, but on this valuation has been able to pay but a scant dividend. This is due, it is claimed, by the failure to collect from the Comstock enterprises and the shutting down of plants during the past season by reason of the European war and other causes.

At the meeting yesterday a reduction of \$200,000 in the company's assessment was talked of.—Appreciation

Lost Sunday to French in Champagne  
Germans Advance and Take PositionsLIST OF WAR VESSELS SUNK BY GERMAN TORPEDOES AND SUB-  
MARINES SINCE THE WAR STARTED

(By Associated Press.)

BERLIN, Oct. 26.—An official statement says that Germany has advanced on all fronts and has recaptured the positions taken by the French at Champagne Sunday.

The newspapers give the following totals of the destruction wrought by German submarines during the entire war, among enemy war vessels: Sixteen British men-of-war, one French, three Russian and one Japanese, torpedoed. Three German steamers have been destroyed.

TENTATIVE PLANS OF  
GOVERNOR APPROVEDEIGHT-FOOT WATERWAY TO CON-  
NECT CHICAGO CANAL WITH  
THE ILLINOIS RIVER

(By Associated Press.)

WASHINGTON, Oct. 26.—Secretary Garrison has again tentatively approved the plans which Governor Dunne of Illinois submitted for an eight-foot waterway connecting the Chicago drainage canal with the Illinois river, thus making a direct route from the lakes to the gulf. The state of Illinois has appropriated \$5,000,000 for the work.

TWO LADIES INDULGE  
IN LITTLE ARGUMENT

Two gentlewomen of the restricted district enjoyed one of the dandiest little face scratching and hairpulling matches yesterday morning that was ever pulled off in Tonopah. It all arose over one applying opprobrious epithets to the other. It wouldn't have seemed so rough if it had been mentioned in church or at a sewing bee, but it offended one of the ladies to her very soul and she unheeded her daintily manicured nails and pulled off a considerable portion of the other lady's complexion. After that it was a mixup such as never a pair of lightweights staged in the Airdome. The constabulary were called in and arrests were made, but before the case got into court peace was restored and the charges were dismissed.

HOISTING ORE FROM  
THE LEASE BLOCKS

Perovich and partners are hoisting a 60-ton lot of good ore from the Montana today. This is the first forwarding by tributors for nearly a week. On Friday and again on Sunday further lifts of ore will be made. President Knox is expected here the latter part of the week to make an inspection of the lease workings and other portions of the Montana. No news of any interest is coming from the company's Commonwealth property in Arizona, as dead work is now in progress there, although enough ore is being treated from the old workings to keep the mill in operation.

## WRIT OF CERTIORARI

The supreme court of Nevada yesterday issued a writ of certiorari, directed against the fifth judicial district court of Nye county, setting aside the record in the case of McLeod vs. Bertram. Service of the writ was made today. It is for the purpose of reviewing the record to ascertain the right of the court denying cost in an action on appeal from the justice court to the district court for the recovery of money.

## PROTEST ENTERED

(By Associated Press.)

LOS ANGELES, Oct. 26.—Imperial valley squatters have sent attorneys to protest at the failure of the government to give notice of the intended opening of the lands. Many have been living on the lands for six years, awaiting an opportunity to file.

## DUCKS SCARCE THIS YEAR

Duck hunting this year is reported to be very poor not only in Elko county but also in the rest of the state and in Utah. The lack of water here is the cause, as there are but few migratory birds, the ducks here being nested in the sloughs and streams. And the weather thus far has been so fine that the ducks from the north have not yet started their northern flight.—Elko Free Press.

## ALLEGES CRUELTY

A suit for divorce was filed in the district court yesterday by Joseph Farnsworth, the state printer, against Emma I. Farnsworth, alleged cruelty and desertion.

SUIT FOR DAMAGES IS  
RENEWED IN COURTCHARLES E. PERRY AND WIFE  
SUE THE TONOPAH MINING  
COMPANY

An old suit is revived in the district court. Some eighteen months ago Charles E. Perry and Jennie E. Perry, his wife, brought suit in the district court against the Tonopah Mining company for damages sustained by the death of their little son, who fell into an old excavation near the Valley View shaft. The case was decided against the plaintiffs in the federal court.

Now comes a complaint, filed in the district court of Nye county, asking for damages in the sum of \$25,000.

OIL FLOTATION AT  
BELMONT A SUCCESSOFFICERS IN COMPANY GREATLY  
PLEASED WITH WORK OF  
THE NEW PLANT

The officials of the Monitor-Belmont Mining company, George A. Nelson president, Hugh W. Nelson treasurer and William J. Conniff secretary, all of Los Angeles, passed through Tonopah today en route from Belmont to Los Angeles by automobile, accompanied by Norman E. Smith, superintendent of the company. They have just completed an inspection of the properties and new ten-stamp mill of the company at Belmont, and stated that they were highly gratified with the progress that had been made in the treatment of ore in the new plant.

George A. Nelson, the president, stated that their operations were being carried out as planned and that in a few days shipments of concentrates of high grade would begin. He said that the company was already running its plant at a profit, although it was only treating very low grade ore, and had only been in operation a few weeks, and that he was confident the company would prove a highly successful financial venture and become a permanent addition to Nye county's mining and milling operations.

Mr. Nelson also stated that it was the purpose of the company to increase the capacity of its mill to 500 tons daily probably within the next year. He said that the present capacity of its mill was about 175 tons daily. At the present time the company is treating the ore dumps on its properties, Mr. Nelson said, but at an early date would begin treating ore from its underground workings.

## GRANT CRUMLEY IN HOSPITAL

J. Grant Crumley, who went to San Francisco with an acute ear suppuration and mastoiditis, arrived O. K. and is now in a hospital, where a minor operation was performed. The surgeons are awaiting developments before submitting him to the more critical, even capital, operation which his malady may require.

## WILL MINE WITH SILLS

Extraction of ore is progressing from the Cash Boy mine. The system to be used will be to build up sills from the floor of the drift and fill in behind as the ore is extracted. The first shipment is expected to go forward the last of the week.
